Experience Morgan Stanley

Montreal, Canada, May - August 2013

Technology Analyst Intern, QA & Production Management

- Successfully developed a web-monitor configuration tool in **Apache Flex**.
- Exceeded expectations by completing development in 7 weeks instead of the 12 week target, then worked on middleware development in **Java**.
- Led large presentations to demonstrate project milestones, drafted user stories, software requirements and test cases.
- Received highest possible evaluation and excellent all-round feedback on technical, communication and professional skills. Youngest intern and only first year student within the 2013 intern class of around 20 interns.

Education

McGill University

Montreal, Canada, Expected in May 2015

Leadership

HackMcGill

September 2013 - Present

Co-Founder and Director

Established a thriving community of hackers at McGill University, by helping students attend the largest hackathons of the East Coast, including HackMIT, Y-Hack, HackPrinceton and Bitcamp, and by organizing the largest hackathon in Canada, **McHacks**, as part of Major League Hacking.

Computer Science Undergraduate Society

September 2013 - April 2014

Software Engineering Representative

Elected as Software Engineering Representative for the 2013-2014 academic year. Actively helped in organizing events for the community as well as coordinate with other student groups within McGill.

Solin Hall Residence Council

September 2012 - April 2013

Sports Representative

Elected by residents as Sports Representative for the 2012-2013 academic year. Actively organized and coordinated events, led gym renovations and promoted athletic events. Elected **Council Member of the Year** by colleagues in the council.
